

Transportation Forecasting Model Intern

Travel Trends & Forecasts and Travel Monitoring

WAMPO, Wichita Area Metropolitan Planning Organization, is the Metropolitan Planning Organization (MPO) for the greater Wichita urban area, responsible for coordinating transportation planning throughout the Sedgwick County and portions of Butler County & Sumner County. The Travel Trends and Forecasts and the Travel Modeling staff maintain WAMPO's regional travel simulation models and apply the models to a variety of highway and transit alternatives analysis to evaluate the impacts and benefits of regional policies and transportation investments. The intern will assist WAMPO staff with the data integration for model development and technical analysis for model application. This is an excellent opportunity to gain "hands on" computer modeling experience. Transportation performance measures and technical analysis are also part of the routine data analysis in MPO tasks.

Ideal for Students studying Physics, Mathematics, Engineering, Computer Programming or similar programs
To apply, email your resume and references to Director@wampo.org
Internship work anticipated during January 2021 through December 2021

Graphics Artist & Website and Documents Design Intern
